REPORT

OF THE

Selectmen and Assessors.

SCHOOLS AND SCHOOL-HOUSES.

The estimates of the School Committee for the coming year will require for Schools, \$17000 ; School-houses, \$1000 ; School-books and supplies, \$1000. The increased appropriation for Schools is required to lap over till March meeting, as the teachers are to be paid monthly hereafter. This extra is only for this year. In order to provide for the completion of the Ballard Vale School-house the unexpended balance of the appropriation for said building must be carried over, or re-appropriated.

PAY OF TOWN OFFICERS.

A larger appropriation will be required for the payment of Town Officers than last year. The Water Commissioners being chosen at a special Town meeting, no provision was made to pay them, hence two years' salary will be required. The decennial valuation of the Town the present year will also require extra expense. The Selectmen therefore recommend an appropriation of \$8000.

TOWN HOUSE.

The proposed changes in the Town House will demand a larger appropriation for the coming year. If the Post-Office,

as is now anticipated, occupy the lower Town Hall, and the present Post-Office room be fitted for town offices, extra expense will be incurred. We also recommend that the Town House be heated by steam. If this is not done, and the new arrangement above indicated is carried into effect, it will be necessary to run nine portable stoves, besides the furnaces in the cellar. The danger from fire would be much increased, as will be readily seen. The furnaces are in need of extensive repairs, or else being replaced by new and larger ones. We believe the time has come for a change. We therefore ask for an appropriation of \$2500 for the purposes indicated.

FIRE DEPARTMENT.

The Engineers ask for \$2500 for running expenses.

HIGHWAYS BRIDGES AND SIDEWALKS.

The present system of repairing our Highways through Highway Surveyers can no longer exist; the law of 1890 requiring the Selectmen to appoint a Superintendent of Streets if the Town refuses to elect Road Commissioners. Whichever way the Town may determine at its annual meeting, the usual amount of money will be required to keep the ways in passable condition. If permanent improvement is desired, a larger sum will be required. We recommend an appropriation of \$8000 for this purpose, and for Sidewalks \$1000.

REMOVING SNOW.

It will not be prudent to appropriate less than \$800 for this purpose.

HIGHWAY HORSES.

Under this head, in another part of the Report, the figures speak for themselves. The horses have paid for their keeping, and earned enough besides to purchase a new sled and har-

ness to the amount of \$175. This department is now in excellent condition, being thoroughly equipped to do road work for a number of years to come. The use of the horses and driver was given to Surveyor C. W. Hayward, in addition to his share of the highway money, when not wanted for fire purposes. During the winter, when not otherwise employed, they have been kept at work building a sidewalk between the West church and Frye Village, an improvement long needed. We ask for \$1200 for support of horses and pay of driver.

STREET LIGHTING.

The Committee on Street Lighting recommend an increased appropriation for this department, to meet the demand for more light. \$3500 is asked for.

PRINTING AND STATIONERY.

\$1000 will be required, in view of the additional amount of printing to be done the coming year.

STATE AID.

Whatever is paid under this head is re-imbursed by the State. \$1400 will be needed.

MILITARY AID.

The appropriation for 1889 was overdrawn, therefore we ask for a larger amount — \$900.

MEMORIAL DAY.

An appropriation of \$200 is asked for.

INSURANCE.

We think an appropriation of \$300 will meet expenses.

SPRING GROVE CEMETERY.

The Committee think \$200 will be sufficient, with the avails of the sales of lots and grass.

HAY SCALES.

The usual sum of \$50 will be sufficient.

SHADE TREES.

We recommend \$100, as last year, for this purpose.

STATE AND COUNTY TAXES.

We can only estimate the amount needed for these purposes. The State Tax last year was \$5820.00 ; and County Tax, \$5864.41. We recommend \$6000 for State, and \$6000 for County Taxes the coming year.

DISCOUNT ON TAXES.

The appropriation needed can only be estimated by the amount the Town votes to raise by taxation. On the basis of last year, \$3500 will be required.

ABATEMENT AND REMISSION OF TAXES.

\$400 will be sufficient for these purposes.

INTEREST ON NOTES AND FUNDS.

Of this appropriation \$1296 is yearly paid as interest on the Memorial Hall and Old Proprietors' permanent Funds, for which the Town is liable. To meet the interest on the Water Bonds will require \$5000. We believe an appropriation of \$7000 will be needed for all purposes.

WATERWORKS.

The Water Commissioners ask for \$3000 for running expenses, and \$5000 for Service-pipe. We therefore recommend the appropriation of \$8000 on Waterworks account.

SUIT AGAINST THE TOWN.

A man named Peter Harrison, residing on Maple Avenue, has brought a suit against the Town to recover \$2000 for alleged injuries resulting from falling into a little trench around one of the trees on Elm Street, made by the contractor who was removing them. We are advised that the Town is probably not liable, and the injury was not serious.

MISCELLANEOUS.

Unforeseen contingencies are liable to arise, requiring expenditure of money, to meet which this appropriation is made. The appropriation for 1889 was insufficient. We advise the appropriation of \$1500 for 1890.

SAM'L H. BOUTWELL,	
JOHN S. STARK,	

Overseers' Report.

The condition of the Almshouse Department remains nearly the same as it was one year ago. The buildings are in excellent repair, and the farm is well improved.

We quote the following from the Visitation Reports of the State Board of Health, Lunacy, and Charity :

“Andover has an Almshouse of brick two stories high, with a basement, heated by steam. It contains good bath-rooms, has hot and cold water carried over the house, a chapel on the second floor, and is in every respect well built and well appointed. It is a model of neatness, and is well supplied with bedding. Every part of it was found in perfect order, and there appears to be a friendly feeling between the officers and the inmates. The inmates were seen at supper ; their food was good and abundant, and they were well clothed. The farm contains seventy-five acres.”

The Town can rest assured that its poor and its property will be well cared for while Mr. and Mrs. Allen remain in charge.

The income from the farm has considerably increased over that of 1888, reducing the cost per capita to \$1.78 for the past year.

While the personal property at the Almshouse is in as good condition as heretofore, we have thought it best to reduce the valuation of household furniture, clothing, farm-tools, etc., the values of such articles being less than in former years.

The increased expenditure in “Relief Outside” department was largely caused by the operation of the Indigent Soldier and Sailor Act of 1889.

The Town is now supporting eight persons in Lunatic Hospitals, at large expense. We have seriously considered the subject, and think it advisable to remove several of the mildly insane to the Almshouse, thereby saving considerable expense. This change will require a small expenditure to render secure the rooms to be occupied by them.

Only a small appropriation will be required for repairs the ensuing year.

The "tramp nuisance" is a varying quantity. 893 of these homeless wanderers were harbored at the House in 1885, 1157 in 1886, 1353 in 1887, 1076 in 1888, 1225 in 1889. Superintendent Allen is careful not to hold out to them extra inducements in the line of entertainment.

Report of the Chief Engineer

OF THE

Fire Department.

TO THE BOARD OF SELECTMEN:

Gentlemen,— In compliance with the regulation of the Fire Department, I submit the following report.

The force of the Department consists of five engineers, twenty-two members of Andover Steamer, No. 1, and B. F. Smith, Hook and ladder truck, and sixteen members of J. P. Bradlee Steamer No. 2.

The apparatus chusists of two third class steam fire engines, one hand engine, with hose carriages for each, one horse four-wheeled hose-carriage, one hook and ladder truck and one supply wagon.

In the Department there are forty-nine hundred feet of hose in good condition. The Fire alarm connecting the two engine houses is in good condition.

During the past year there have been five alarms of fire as follows :

Brush fire on town land, High St.

May 2. Brush fire on land of A. T. Clark, Ballard Vale.

June 19. Cornelius Moynihan's house, Main St.

Oct. 19. Tailor shop of P. J. Hannon, Main St.

Nov. 11. Brush fire, Ballard Vale.

The waterworks have been turned over to the Water Commissioners.

I recommend an appropriation of \$2500 for the ensuing year.

I would suggest that the present system of Police be continued. The night patrol has rendered efficient work during

the past year, and although, in the opinion of many, one man may not be sufficient for the protection of the property situated within the limits of the large amount of territory to be patrolled, yet, with the assistance of the Chief of Police, who is on duty till ten o'clock every night, and on special occasions as late as required, I think that the Town property is amply protected, and the strictest order preserved.

The illegal sale of liquor is decreasing every year, and will, in my opinion, be entirely stopped if the present system continues in force.

Respectfully submitted,

GEORGE F. CHEEVER,

CHIEF OF POLICE.

ANDOVER, Feb. 1, 1890.

Report of Cemetery Committee.

The Cemetery Committee herewith submit their Annual Report, with the statement of the receipts and expenditures for the year ending Feb. 3d, 1890.

During the past year a portion of the wall has been pointed. The walks have been gravelled and a water-course made, and other needed improvements.

Eight burial lots have been sold.

The improvements needed for the ensuing year: The balance of the wall should be pointed. A portion of the lots laid out years ago need re-locating, as the stakes then put down have decayed and the bounds are obliterated, necessitating a new survey of that part of the premises, and more substantial bounds, and other improvements that may be found necessary to keep the premises in good order.

We therefore respectfully ask for the appropriation of \$200, with the proceeds of such sales as may be made from the premises the ensuing year.

Eighteenth Annual Report

OF THE

Trustees of Memorial Hall.

For the third time in the history of Memorial Hall the name of John Byers, of New York, claims grateful recognition from the people of Andover. It was hardly to be expected that, after having done so much in his lifetime for the library, Mr. Byers would still further remember it in his bequests. But his large-hearted generosity moved him to do so; and by his will five thousand dollars (\$5000) have been added to our permanent fund for the purchase of books.

The year has otherwise been uneventful. The Trustees would be very glad to abolish the old kerosene lights of the Reading-room, and introduce electricity. They have procured estimates of the expense which such a change would involve, but with discouraging results as related to their present income. Some additional appropriation will probably be necessary before this most desirable end can be attained.

The annual examination has shown the building and books to be in good order.

Respectfully submitted,
